Is calling for you just to say

Bb **F** **Cm** **F**
 Green grass and I am laying in the sunlight of You
Bb **F** **Cm** **F**
 And the wind is moving through the trees ushering you
Bb **F** **Cm** **F**
 And the better days you bring, and the better places found
Bb **F** **Cm** **F**
 Feasting at your table I am overwhelmed
Bb **F** **Cm** **F**
 I Lift my glass and drink to love that never gave up
Bb **F** **Cm** **F**
 Clouds pass, fading into memories gone
Bb **F** **Cm** **F**
 And all I show for life is life is love and peace
Bb **F** **Cm** **F**
 What else could there be
