

The Words That You Say

Words and Music by Eric M. Owyong © 2002

The first chords are the actual chords. The second ones are what chord shapes you would play if you were capo'd at the 1st fret or what you'd play if you wanted to play without a capo but a half-step down.

F(E)

Speak in this close communion

Bb(A) D(C#m)

Though this hour seems timeless still

F(E) Bb(A)

I wait for Your words that bid me come

F(E)

Breathe in me Holy Spirit

Bb(A) D(C#m)

The will when my tomorrow comes

F(E) Bb(A)

To follow when this song is gone

Bb(A) C(B)

So I await the words that You say

D(C#m)

I open my life

C(B) Bb(A)

I am longing just to hear these words,

C(B) F(E)

that you say, that you say

Shape me with words of wisdom

Free my torn heart from this world

Renew my mind and form my will

Teach me to wholly offer

So much more than words I sing

And I become the song I bring
